## ANNOUNCEMENTS

### LIBRARY TO EXPAND COLLECTION BY 4 MILLION VOLUMES!

We are pleased to announce that Concordia Library users will soon have access to a research collection of over 4 million volumes, through our anticipated membership in the Center for Research Libraries (planned for January, 1980).

The Center for Research Libraries is a massive, four million volume library which exists solely for the purpose of maintaining, and making available to its member libraries, its extensive collection. The materials in the collection include foreign dissertations, archives on microfilm, an international selection of newspapers, collections of early books (15th through early 20th centuries), and much more.

The items we request are expected to arrive quickly (within four to five days after the request is submitted by the Concordia Library), and may be borrowed for extended periods of time. Library users will request materials from the C.R.L. collections by submitting an Interlibrary Loan request at any Reference Desk.

If we sound rather vague at this point, it is because our membership is still forthcoming. Rest assured that the February issue of this newsletter will include many more details on the nature of the C.R.L. collections, and the means by which information can be accessed. Until our membership is official, you may want to contact Jim Tallon (879-4309), Interlibrary Loans, for more information on this project.

## Christmas Hours

During the Christmas Holidays, the schedule of Library closing, opening, and service hours is notoriously difficult to remember. For this reason, you will find a handout available in all libraries, which will give precise information on days and hours of opening and service.

If you do not plan to be in the Library to pick up your handout, you'll be able to phone the following number, where a complete schedule will be broadcast on tape.

We suggest that you consult the Library Owner's Manual or Faculty Information Sheet if you wish to phone a specific area within a library to enquire about services.

## FINE ARTS

The Norris Library's Reference Department (6th floor) is now the home of a fine collection of Canadian art exhibition catalogues. These catalogues, filed by artist or gallery, are records of shows of art work by Canadian artists and by non-Canadian artists who have exhibited in Canada. The stress is on the contemporary Canadian art scene.

Art exhibition catalogues serve as the most current source of information on an artist or subject. They vary from simple listings of works of art, to extensive studies. They can offer representative examples of the works of a school, movement, or individual artist, or illustrate a particular style from a certain period.

Catalogues vary in content and format. The short catalogue, sometimes called a flyer, may include only such information as artist, title of work, date, and medium. The larger, more inclusive catalogues often contain bibliographies, chronologies, biographies, historical and critical essays, and fine reproductions.

Anyone wishing to use the collection should ask the reference librarian on duty at the Reference Desk. For further information about this collection, contact Loren Singer, N429-10, 879-8162.

# FOOTNOTES

In a study published in *Psychological Reports* (1977) two researchers tested the response of librarians to a "deviant patron". The librarians were expected to behave as most others do toward strange people in unusual attire. However, the researchers were in for a small surprise. In the experiment, a college-age female was dressed first as a college student (jeans, plain shirt, jacket, no makeup or jewelry), and later as a deviant (navy leotard, cut off jeans, red stockings, heavy makeup, gaudy jewelry, high heels, fur jacket). The results indicated that the deviant user was just as likely to receive prompt, helpful and friendly service as a conventionally dressed user. As a matter of fact, five librarians were rated very friendly toward the woman in deviant attire, whereas only four were considered very friendly toward the student.
